

## NO LAST MINUTE RENEWAL APPLICATIONS

Dear Registrant,

The new Motor Vehicle Dealers Act prevents OMVIC from renewing your registration unless certain preconditions are met.

These preconditions include indebtedness to the Ministry of Revenue or the Motor Vehicle Dealers Compensation Fund.

Also, designated persons within a dealership may be required to complete the certification course before their dealers' registration can be renewed.

That's why it's important for registrants to complete and submit their renewal applications at least 30 days before they are due to expire so that any precondition issues can be resolved before your registration expires.

**If needed, MVDA information can be viewed online on OMVIC's website at:**  
<http://www.omvic.on.ca/services/shared/mvda2002.htm>
