

## BEST PRACTICES FOR RETAIL CONSIGNMENTS

We are pleased to announce OMVIC's Best Practices for Retail Consignments document is now available on our website:

([http://www.omvic.on.ca/services/shared/best\\_practices\\_for\\_retail\\_consignments.htm](http://www.omvic.on.ca/services/shared/best_practices_for_retail_consignments.htm)).

This document is the product of a partnership between OMVIC, consumer and industry stakeholders.

Any registered dealer who takes vehicles on consignment from non-dealers is urged to review this document. It contains information about regulatory requirements and recommended best practices.

Although OMVIC does not mandate any specific consumer consignment agreement, this document contains important information about what should be included in a consignment agreement with a non-dealer.
