New Online Registration Services for Salespeople Set to Launch!

Starting September 30, salespeople will be able to use OMVIC's online services to file a Salesperson Change application online. This application allows salespeople to transfer or add their licences to other sponsoring dealers.

Eligibility

To be eligible to use these new services, a salesperson must:

- Have a sponsoring dealer who is an online user
- Be an online member
- Be registered or have an inactive status with a future expiry date

These new services will be supported by an instructional video. Registrants with questions about online services should contact OMVIC's registration team online@omvic.on.ca or 1-800-943-6002x3941.
